Breakout Session II

ENQA Agency Review: Strengths and Weaknesses, by Tove Blytt Holmen and Aurelija Valeikiene.

The goal of this breakout session is to discuss and form some conclusions concerning the following four questions.

1. What do you regard as the most important value(s) added when being reviewed?
2. Are the standards in ESG Part 2 and 3 equally applicable in your situation? Which is the most challenging standard to comply?
3. Concerning a flexible approach: Could the ENQA Agency Review do more on this than what is suggested in the paper (allowing a slightly different approach for the first and second reviews and introducing a follow-up visit)?
4. When an applicant does not succeed in complying with the ESG the very first time, should ENQA then allow conditional membership for new members?
